## Independent Auditor's Report

To the Board of Education of  
Laurens-Marathon Community School District:

We have audited the accompanying financial statements of the governmental activities, the business type activities and each major fund of Laurens-Marathon Community School District, Laurens, Iowa, as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

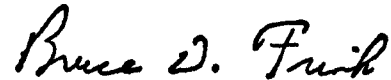

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities and each major fund of Laurens-Marathon Community School District at June 30, 2009, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated April 29, 2010 on our consideration of Laurens-Marathon Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and Budgetary Comparison Information on pages 4 through 12 and 34 through 35 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Laurens-Marathon Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the five years ended June 30, 2008 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 3, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Bruce D. Frink".

## **Management's Discussion and Analysis**

Laurens-Marathon Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2009. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

### **2009 FINANCIAL HIGHLIGHTS**

- General Fund revenues increased from \$3,530,940 in fiscal year 2008 to \$3,677,198 in fiscal year 2009, while General Fund expenditures decreased from \$3,495,153 in fiscal year 2008 to \$3,401,687 in fiscal year 2009. The District's General Fund balance increased from \$74,545 in fiscal year 2008 to \$350,056 in fiscal year 2009.
- The District's Certified Enrollment decreased from 398.0 students in September 2007 to 359.60 students in October 2008. Open enrolled in students decreased by 8.0 which decreased tuition revenues. The District did benefit by being allowed to include 22 four year olds in the count (13.2 weighted allowance).
- General Fund expenditures decreased 3%. The District continues to work to curtail discretionary spending as well as evaluating personal needs.
- PPEL and Capital Projects Funds each decreased as the District spent over \$1,000,000 on energy and infrastructure projects.

### **USING THIS ANNUAL REPORT**

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Laurens-Marathon Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Laurens-Marathon Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Laurens-Marathon Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the Student Activity and Trust Funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

**Figure A-1**

***Laurens-Marathon Community School District Annual Financial Report***

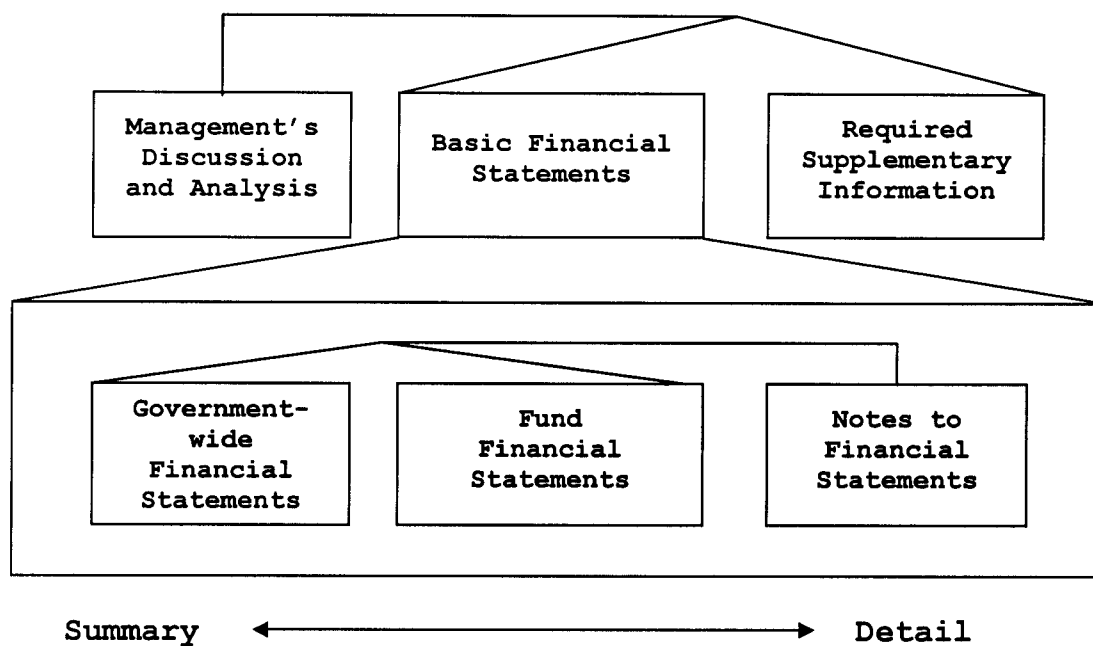

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

## REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

### *Government-wide Financial Statements*

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets - the difference between the District's assets and liabilities - are one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

### *Fund Financial Statements*

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. The District has elected to treat all funds as "major" funds for clarity of presentation.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, the Special Revenue Funds and the Capital Projects Fund.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Funds, one type of proprietary fund, are the same as its business type activities but provide more detail and additional information, such as cash flows. The District currently has one Enterprise Fund, the School Nutrition Fund.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses, changes in net assets and a statement of cash flows.

3) *Fiduciary funds*: The District is the trustee, or fiduciary, for assets that belong to others. These funds include Private-Purpose Trust Funds.

- Private-Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2009 compared to June 30, 2008.

<b>Figure A-3</b> <b>Condensed Statement of Net Assets</b> <b>(Expressed in Thousands)</b>							
	Governmental Activities		Business type Activities		Total District		Total Change
	June 30,		June 30,		June 30,		June 30,
	2009	2008	2009	2008	2009	2008	2008-2009
Current assets	\$ 3,580	3,087	25	10	3,605	3,097	16.40%
Capital assets	2,424	1,400	6	8	2,430	1,408	72.59%
Total assets	6,004	4,487	31	18	6,035	4,505	33.96%
Current liabilities	2,500	1,934	-	-	2,500	1,934	29.27%
Non-current liabilities	975	670	-	-	975	670	45.52%
Total liabilities	3,475	2,604	-	-	3,475	2,604	33.45%
Net Assets							
Invested in capital assets, net of related debt	1,449	730	6	8	1,455	738	97.15%
Restricted	635	947	-	-	635	947	-32.95%
Unrestricted	445	206	25	10	470	216	117.59%
Total net assets	\$ 2,529	1,883	31	18	2,560	1,901	34.67%

Total net assets increased over 34% due to the increase in the General Fund as well as the use of PPEL and Capital Projects Funds for capital assets expenditures. These assets are depreciated out over their useful lives, so while, the fund balances decrease immediately, the investment in capital assets increase immediately, then decreases over the lives of the assets.

## Governmental Activities

Revenues for governmental activities were \$4,560,901 and expenses were \$3,914,091 for the year ended June 30, 2009.

The following table presents the total and net cost of the District's major governmental activities, instruction, support services and other expenses, for the year ended June 30, 2009 compared to the year ended June 30, 2008.

<b>Figure A-5</b>						
<b>Total and Net Cost of Governmental Activities</b>						
<b>(Expressed in Thousands)</b>						
<b>Total Cost of Services</b>			<b>Net Cost of Services</b>			
		<b>Change</b>			<b>Change</b>	
	<b>2009</b>	<b>2008</b>	<b>2008-2009</b>	<b>2009</b>	<b>2008</b>	<b>2008-2009</b>
Instruction	\$ 2,575	2,677	-3.81%	1,760	1,847	-4.71%
Support services	1,016	970	4.74%	981	954	2.83%
Other expenses	323	384	-15.89%	179	228	-21.49%
Totals	\$ 3,914	4,031	-2.90%	2,920	3,029	-3.60%

For the year ended June 30, 2009:

- The cost financed by users of the District's programs was \$144,649.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$493,697.
- The net cost of governmental activities was financed with \$1,710,932 in property tax and \$1,460,772 in state foundation aid.

## Business Type Activities

Revenues for business type activities during the year ended June 30, 2009 were \$200,647 and expenses totaled \$188,053. The District's business type activities included the School Nutrition Fund. The revenues of these activities were comprised of charges for services, federal and state reimbursements and investment income.

## FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The Laurens-Marathon Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the fiscal year, its governmental funds reported combined fund balances of \$988,523, which is 7% less than last year's ending fund balance of \$1,066,965, primarily due to major infrastructure expenditures.

## Governmental Fund Highlights

Several factors contributed to the small increase of the fund balance in the District's governmental funds.

- Began collection of statewide sales and services tax.
- Careful cost containment measures in all areas of District finance.
- Spent over \$1,000,000 on energy and building projects.

## Proprietary Fund Highlights

School Nutrition Fund net assets increased from \$18,536 at June 30, 2008 to \$31,130 at June 30, 2009, representing an increase of approximately 68%.

## BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures.

It is the District's practice, as is in most Iowa school district, to budget expenditures at or about the maximum authorized spending. As a result, the District's certified budget should always exceed the actual expenditures for the year.

Actual revenues were less than budgeted amounts by over \$215,000, primarily because of less miscellaneous revenues than projected.

## CAPITAL ASSETS AND ADMINISTRATION

### Capital Assets

The District has invested more than \$2.4 million, net of accumulated depreciation, by the end of fiscal year 2009 in a broad range of capital assets, including school buildings, athletic facilities, kitchen, computers and audio-visual equipment, maintenance equipment, school buses and other vehicles, library holdings, and textbooks. Total depreciation expenses for the year exceeded \$134,000.

**Figure A-6**  
**Capital Assets, net of Depreciation**  
**(Expressed in Thousands)**

	Governmental Activities		Business Type Activities		Total District		Total Change
	June 30,		June 30,		June 30,		June 30,
	2008	2009	2009	2008	2009	2008	2008-2009
Land	\$ 40	40	-	-	40	40	0.00%
Land improvements	3	3	-	-	3	3	0.00%
Buildings	2,173	1,111	-	-	2,173	1,111	95.59%
Furniture and equipment	208	245	6	8	214	253	-15.42%
Totals	<u>\$ 2,424</u>	<u>1,399</u>	<u>6</u>	<u>8</u>	<u>2,430</u>	<u>1,407</u>	<u>72.71%</u>

### Long-Term Debt

The District has \$510,000 in general obligation bonds outstanding. This represents a decrease of \$160,000 from the previous year. The principal and interest on the bonds will be paid in full by June 1, 2012. The District makes principal and interest payments annually on these bonds using property tax dollars obtained through a debt service levy specifically for these bonds. The District issued \$515,000 of capital loan notes in August 2008 for improvements to the buildings. \$50,000 of principal was paid during the year. Interest rates range from 3.2% to 4.25%. The issue is being paid with proceeds of the Physical Plant and Equipment Levy.

## **FACTORS BEARING ON THE DISTRICT'S FUTURE**

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- To offset the impact of declining enrollment, the State has provided a budget guarantee provision for districts. This budget guarantee provision is being phased out over a 10- year period. The District was on budget guarantee for Fiscal Year 2009 and will continue to be on budget guarantee for several years to come. Due to previous and continued declining enrollment, the amount of this reduction due to the phase out of the budget guarantee will likely grow over the next several years.
- Possible sharing opportunities with neighboring districts are being explored to bolster the District's financial position.
- The District will continue to be required to comply with unfunded and under funded mandates from the federal and state governments such as the federal No Child Left Behind Act and the state Student Achievement and Teacher Quality Initiative. This will require the District to find ways to provide services in the areas of assessment and professional development, which will divert funds from other student service areas.

## **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Susan Wenell, District Secretary/Treasurer and Business Manager, Laurens-Marathon Community School District, 300 West Garfield, Laurens, IA 50554.

## LAURENS-MARATHON COMMUNITY SCHOOL DISTRICT

Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances - Governmental Funds  
to the Statement of Activities

Year ended June 30, 2009

Net change in fund balances - total governmental funds (Exhibit E) \$ (78,442)

**Amounts reported for governmental activities in the Statements of  
Activities are different because:**

Income surtaxes not collected for several months after the District's fiscal year ends are not considered "available" revenues in the governmental funds and are included as deferred revenues. They are, however, recorded as revenues in the statement of activities.

This represents the change from FY08 to FY09.

6,274

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. The amounts of capital outlays and depreciation expense in the year are as follows:

Capital outlays	\$ 1,157,930	
Depreciation expense	<u>(132,954)</u>	1,024,976

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term debt liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year repayments exceeded issues, as follows:

Issues	(515,000)	
Repayments	<u>210,000</u>	(305,000)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.

(998)

Change in net assets of governmental activities (Exhibit B) \$ 646,810

# LAURENS-MARATHON COMMUNITY SCHOOL DISTRICT

## Notes to Financial Statements

June 30, 2009

### (1) Summary of Significant Accounting Policies

Laurens-Marathon Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. Additionally, the District either operates or sponsors summer recreational activities. The geographic area served includes the Cities of Laurens and Marathon, Iowa, and agricultural area in Palo Alto, Buena Vista and Pocahontas Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

#### A. Reporting Entity

For financial reporting purposes, Laurens-Marathon Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. Laurens-Marathon Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Pocahontas County Assessor Conference Board.

#### B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

*Invested in capital assets*, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributable to the acquisition, construction or improvement of those assets.

*Restricted net assets* result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net assets* consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The District has elected to treat all funds as major funds for clarity of presentation.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The Management Levy Fund is utilized for the payment of insurance, unemployment and early retirement benefits.

The Student Activity Fund is used to account for extra curricular activities conducted on behalf of the students.

The Physical Plant and Equipment Levy is used for the acquisition of capital assets (over \$500) and the maintenance and purchase of land improvements and facilities.

The Debt Service Fund is used to account for the payment of interest and principal on the District's long-term debt.

The District reports the following major proprietary fund:

The District's proprietary fund is the Enterprise, School Nutrition Fund. This fund is used to account for the food service operations of the District.

The District also reports fiduciary funds which focus on net assets and changes in net assets. the District's fiduciary funds include the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used for scholarship payments.

#### C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

#### D. Assets, Liabilities and Fund Balance

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are invested in interest bearing accounts. Investments are stated at fair value except for non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year become effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2007 assessed property valuations; is for the tax accrual period July 1, 2008 through June 30, 2009 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2008.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 1,000
Buildings	10,000
Improvements other than buildings	10,000
Furniture and equipment:	
School Nutrition Fund equipment	10,000
Other furniture and equipment	10,000

Capital assets are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (In Years)</u>
Buildings	50 years
Improvements other than buildings	20-50 years
Furniture and equipment	5-15 years

Salaries and Benefits Payable - Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Compensated Absences - District employees accumulated a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability is deemed to be immaterial at June 30, 2009.

Fund Equity - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

#### E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2009, expenditures did not exceed the amount budgeted in any of the four functions. The District did not exceed its General Fund unspent authorized budget.

### (2) **Cash and Pooled Investments**

The District's deposits at June 30, 2009 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2009, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	<u>Amortized Cost</u>
Diversified Portfolio	<u>\$9,706</u>

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk - The District's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the District.

Credit risk - The investments in the Iowa School Joint Investment Trust were rated Aaa by Moody's Investors Service.

### (3) Capital Assets

Capital assets activity for the year ended June 30, 2009 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year

#### (4) Long-Term Debt

A summary of changes in long-term debt for the year ended June 30, 2009 is as follows:

	General Obligation Bond	Capital Loan Notes	Total
Balance beginning of year	\$670,000	-	670,000
Additions	-	515,000	515,000
Reductions	<u>160,000</u>	<u>50,000</u>	<u>210,000</u>
Balance end of year	<u>\$510,000</u>	<u>465,000</u>	<u>975,000</u>

##### Bonds Payable

Details of the District's June 30, 2009 general obligation bonded indebtedness are as follows:

Year Ending June 30,	Bond Issue as of April 30, 2008			
	Interest Rates	Principal	Interest	Total
2010	2.80%	\$165,000	15,320	180,320
2011	3.00	170,000	10,700	180,700
2012	3.20	<u>175,000</u>	<u>5,600</u>	<u>180,600</u>
Total		<u>510,000</u>	<u>31,620</u>	<u>541,620</u>

##### Capital Loan Notes

The District issued \$515,000 of Capital Loan Notes on August 25, 2008 for remodeling of the existing facility. Details of the June 30, 2009 capital loan note indebtedness are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2010	3.20%	\$ 50,000	17,893	67,883
2011	3.40	55,000	16,292	71,292
2012	3.60	55,000	14,423	69,423
2013	3.80	55,000	12,442	67,442
2014	4.00	60,000	10,353	70,353
2015	4.10	60,000	7,952	67,952
2016	4.20	65,000	5,493	70,493
2017	4.25	<u>65,000</u>	<u>2,762</u>	<u>67,762</u>
Total		<u>\$465,000</u>	<u>87,610</u>	<u>552,810</u>

#### (5) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, PO Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 4.10% of their annual salary and the District is required to contribute 6.35% of annual covered salary. Contribution requirements are established by state statute. The District's contribution to IPERS for the years ended June 30, 2009, 2008 and 2007 were \$135,637, \$135,500 and \$125,637 respectively, equal to the required contributions for each year.

**(6) Risk Management**

Laurens-Marathon Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**(7) Area Education Agency**

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$141,358 for year ended June 30, 2009 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

**LAURENS-MARATHON COMMUNITY SCHOOL DISTRICT**

**Note to Required Supplementary Information - Budgetary Reporting**

**Year ended June 30, 2009**

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standard Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2009, expenditures did not exceed the amount budgeted in any of the four functions. The District did not exceed the General Fund unspent authorized budget.

To the Board of Education of the  
Laurens-Marathon Community School District:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Laurens-Marathon Community School District as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated April 29, 2010. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Laurens-Marathon Community School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Laurens-Marathon Community School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Laurens-Marathon Community School District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies, including deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Laurens-Marathon Community School District's ability to initiate, authorize, record, process or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Laurens-Marathon Community School District's financial statements that is more than inconsequential will not be prevented or detected by Laurens-Marathon Community School District's internal control. We consider the deficiencies in internal control described in Part I of the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Lauren-Marathon Community School District's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we believe items I-A-09 and I-B-09, are material weaknesses.

#### Compliance and Other Matters

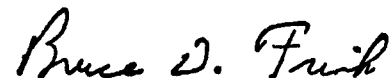

As part of obtaining reasonable assurance about whether Laurens-Marathon Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. We noted no instances of non-compliance or other matters to be described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2009 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Laurens-Marathon Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the District's responses, we did not audit Laurens-Marathon Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Laurens-Marathon Community School District and other parties to whom Laurens-Marathon Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Laurens-Marathon Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

**BRUCE D. FRINK**  
**Certified Public Accountant**

April 29, 2010

LAURENS-MARATHON COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2009

**Part I: Findings Related to the General Purpose Financial Statements:**

**INSTANCES OF NON-COMPLIANCE:**

No matters were reported.

**SIGNIFICANT DEFICIENCIES:**

I-A-09      SEGREGATION OF DUTIES

Comment - During our review of the internal control structure, the existing procedures are evaluated in order to determine that incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and therefore maximizes the accuracy of the District's financial statements. We noted that one individual has custody of receipts and performs all record-keeping and reconciling functions for the office.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review the operating procedures of the office to obtain the maximum internal control possible under the circumstances.

Response - We will review procedures and investigate available alternatives.

Conclusion - Response acknowledged.

I-B-09      Auditor Drafting of the Financial Statements and Related Footnote Disclosures

Comment - As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. SAS 112, an auditing standard from the American Institute of Certified Public Accountants, requires auditors to communicate this situation as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of the District's statements and footnotes, and the responsibility of the auditor to determine the fairness of the presentation of those statements. From a practical standpoint we do both for you at the same time in connection with our audit. This is not unusual for us to do this with organizations of your size. However, based on this auditing standard, it is our responsibility to inform you that this deficiency could result in a misstatement to the financial statements that could have been prevented or detected by the District's management. As in prior years, we have instructed management to review a draft of the auditor prepared financial statements in detail for their accuracy, we have answered any questions they might have, and encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification and disclosure in your financial statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.

Recommendation - It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.

Response - We feel our review of the draft financials is adequate for us to accept this risk.

Conclusion - Response accepted.

LAURENS-MARATHON COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2009

**Part II: Other Findings Related to Required Statutory Reporting:**

- II-A-09      Certified Budget - During the year ended June 30, 2009, expenditures did not exceed the amounts budgeted in any of the four functions.
- II-B-09      Questionable Expenditures - No expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- II-C-09      Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- II-D-09      Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- II-E-09      Board Minutes - We noted no transactions requiring Board approval which had not been approved by the Board.
- II-F-09      Business Transactions - Business transactions between the District and District officials or employees are detailed as follows:

<u>Name, Title and Business Connection</u>	<u>Transaction Description</u>	<u>Amount</u>
Nancy Fuchs, Fuchs Construction Board Vice President	Concrete work	\$9,679

In accordance with Chapter 279.7A of the Code of Iowa, this transaction does not appear to represent conflicts of interest since it appears to have been properly bid.

Recommendation - The District should review these expenditures to ensure legal compliance.

Response - We will review these on an annual basis and consult with our attorney when needed.

Conclusion - Response accepted.

- II-G-09      Deposits and Investments - We noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.

- II-H-09      Certified Annual Report - The Certified Annual Report was filed with the Department of Education one day late. We noted no significant deficiencies in the amounts reported.

Recommendation - The District should in the future avoid the late filing of the certified annual report.

Response - We will file future reports in a timely manner.

Conclusion - Response accepted.

LAURENS-MARATHON COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2009

**Part II: Other Findings Related to Required Statutory Reporting:**  
(continued)

- II-I-09      Certified Enrollment - We noted no variances in the basic enrollment data certified to the Department of Education.
- II-J-09      Categorical Funding - No instances were noted of categorical funding being used to supplant rather than supplement other funds.
- II-K-09      Statewide Sales and Services Tax - No instances of non-compliance with the use of the statewide sales and services tax revenue provisions of Chapter 423F.3 of the Code of Iowa were noted.

Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales and services tax. For the year ended June 30, 2009, the District's financial activity and other required information for the statewide sales and services tax are as follows:

Beginning balance	\$ -
Statewide sales and services tax revenue	234,574
Expenditures/transfers out:	
School infrastructure:	
Buildings improvements	<u>(234,574)</u>
Ending balance	\$ <u>-</u>
